

SUNNY SEDUCTION YARROW

ACHILLEA MILLEFOLIUM 'SUNNY SEDUCTION'.

LONG USED AS A MEDICINAL HERB IN ITS NATIVE FORM, COMMON YARROW HAS BEEN BRED FOR ITS ABILITY TO PRODUCE A HUGE VARIETY OF FLOWER COLORS. IT IS OFTEN PLANTED FOR ITS DROUGHT-TOLERANCE, IN BUTTERFLY GARDENS, IN NATIVE GARDENS, AND BY THOSE WHO SIMPLY ENJOY ITS BEAUTY AND LONG BLOOM TIME. THE PLANTS SPREAD VIA RHIZOMES THROUGH THE SOIL, CREATING A BIGGER PATCH EACH YEAR. THIS CULTVAR HAS A BUTTER YELLOW FLOWER HELD HIGH ON STURDY 2' STEMS. THE COLOR PLAYS WELL WITH OTHERS AND IS GREAT FOR USE AS A WARM TONED FILLER FLOWER IN CUT ARRANGEMENTS.

ZONES 3-10
