

# RED MARTIN SPURGE

EUPHORBIA X MARTINI 'RED MARTIN'

A RELATIVELY SMALL SPURGE AT 18" HIGH, RED MARTIN IS AN EASY PLANT TO FIND ROOM FOR. THE EVERGREEN LEAVES ARE A RICH BURGUNDY, WHICH DEEPENS IN COOL WEATHER, PROVIDING BEAUTIFUL CONTRAST WITH ITS LONG LASTING CHARTREUSE SPRING FLOWERS. AS THE FLOWERS FADE, CUT THE STEM TO THE GROUND TO BRING ON NEW GROWTH FROM THE BASE OF THE PLANT. KNOWN FOR THEIR DEER AND GOPHER RESISTANCE, EUPHORBIAS ARE A BOON TO THOSE OF US THAT GARDEN WITH CRITTERS. TRY PLANTING THEM NEAR PLANTS YOU WOULD LIKE TO PROTECT FROM THESE DESTRUCTIVE NIBBLERS TO DETER THEM FROM THE AREA.
